

# Ten times table

The ten times table tells you how to count in sets of ten.

1 Fill in the missing answers.

$3 \times 10 = \square$

$6 \times 10 = \square$

$5 \times 10 = \square$

$9 \times 10 = \square$

$7 \times 10 = \square$

$8 \times 10 = \square$

$10 \times 10 = \square$

$2 \times 10 = \square$

$11 \times 10 = \square$

2 Find the total in each money box.

$3 \times 10p = \square$

$8 \times p = \square$

$\square \times p = \square$

$\square \times p = \square$

3 Count on or back in tens. Fill in the missing numbers in each row.

10	<input type="text"/>	30	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
----	----------------------	----	----------------------	----------------------	----------------------	----------------------

100	<input type="text"/>	<input type="text"/>	70	<input type="text"/>	<input type="text"/>	<input type="text"/>
-----	----------------------	----------------------	----	----------------------	----------------------	----------------------

40	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	90	<input type="text"/>
----	----------------------	----------------------	----------------------	----------------------	----	----------------------

120	<input type="text"/>	100	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
-----	----------------------	-----	----------------------	----------------------	----------------------	----------------------

**Parent tip**  
Chant the answers to the ten times table forwards and backwards.

We can learn about different things in **non-fiction** books. They are full of **facts**.

### Get ready

Read these facts about foxes.

A fox looks a bit like a dog.  
Foxes are brown.  
They have a bushy tail. It is called a brush!  
Foxes can grow up to 125 centimetres long.  
Foxes often live in woods.  
In the daytime, foxes stay in their homes called dens.  
Some foxes live in towns.  
Foxes come out at night to hunt for food.  
They often catch small animals to eat.  
The female fox is called a vixen  
Baby foxes are called cubs.

### Teacher's tips

Read the information about foxes line by line once. Then when you answer the questions on page 29, look back at each line in turn. You will find that the answers to each question appear in the order of the lines.

### Let's practise

Answer these questions.

- 1 Do foxes look like dogs or cats? \_\_\_\_\_
- 2 Are foxes brown or green? \_\_\_\_\_
- 3 What sort of tail do foxes have? \_\_\_\_\_
- 4 What is another name for a fox's tail? \_\_\_\_\_
- 5 How long can foxes grow up to? \_\_\_\_\_
- 6 Do foxes live in the sea or in woods? \_\_\_\_\_
- 7 What are the homes of foxes called? \_\_\_\_\_
- 8 Do some foxes live in towns? \_\_\_\_\_
- 9 Do foxes come out in the day or at night to hunt for food? \_\_\_\_\_
- 10 What do foxes eat? \_\_\_\_\_
- 11 What is a female fox called? \_\_\_\_\_
- 12 What are baby foxes called? \_\_\_\_\_

### Have a go

Look for some more information on foxes. Look in books in your school or your library. Perhaps you can use a computer to find some information.
