

THE HFL EDUCATION YEAR 3 MATHS CHALLENGE 2024

ROUND 3

SPOT THE SHAPE!

THE PRE-ROUND: SPOT THE SHAPE

- Pupils should complete their 'Spot the Shape' challenge before their heat.
- There is no time limit for solving this. We anticipate that it will take around 15 minutes to complete.
- The team's answer will be submitted on the Google Form during the live event. This will be explained at the beginning of the heat. You do not need to email your team's answer before the heat.

We wish you luck!

If you have any questions, please email:
