

Task 2a: If you have an instrument you can now play this melody.

(There is an alternative version for flute on the year 5 page.)

Remember that the quavers ("running running") are quicker than the crotchets ("walk") so make this evident in your performance.

Task 3: compose new lyrics for this melody.

They do not have to be Viking lyrics - you can choose your own topic.

Task 4: Now you are familiar with the lyrics and melody, you need to compose a repeating cup-drumming rhythm to accompany (perform with) it. Use the skills we learned in our autumn term music lessons and be creative. You can write your rhythm on this staff if you wish to.
